

How to add/edit case studies

Case studies are a great way to demonstrate work that you've done in the past. This video shows you how to add and edit case studies.

Please note: if you don't see this option in your admin area, it is because it's a premium upgrade. Please get in touch if you'd like us to build a case studies area for you and we can give you a quotation.

If you're struggling and need our help, email us at support@imaginaire.co.uk and somebody will be happy to help out.
